Activities Report for 2020:

- Our conference made **269** calls, between home visits and Drop In visits.
- We belong to the CORE (Downtown Churches Outreach program).
- We donate regularly to help with the Royal City Mission evening suppers program.
- We are twinned with the Sacred Heart SSVP conference in Tivoli, Grenada.

Funding:

- Our major source of funding is the monthly donations from many parishioners; other special donations and bequests also form part of the society's income.
- This Conference receives no government or United Way funding.

Our parishioners' generosity, **especially this past year**, continues to provide funds to assist in the accomplishment of the Society's purpose and function to service the needs of the less fortunate within our Parish boundaries.

THANK YOU!
